Enjoy the celebration of our African identity, through our diverse communities, our variety of cultures, and the transformative power of creativity.

There is a wide variety of exciting and entertaining things to do:

15h00 the Fan Walk turns into a pedestrian walkway filled with food vendors, stalls, performing artists and festive hospitality areas. Feast on local delicacies while you watch the colourful crowds go by.

19h00 The Carnival Parade begins, lasting approximately 2.5 hours. Expect dazzling large scale floats accompanied by over 2000 elaborately costumed dancers, musicians and performers.

21h30 onwards Local award-winning DJs Fresh and Euphonic, will be taking to the stage at the Cape Town Carnival after-party, bringing you live music from a gigantic sea-urchin float.

From sunny beaches, rock pools and seashells, surfers and sunshine, to our place at the confluence of two oceans: the Atlantic & Indian...

The ocean is a world of possibilities. Beyond turbulence and uncertainty, there's hope and smooth sailing. Go with the flow but navigate your way as we discover a South African ocean adventure for the Cape Town Carnival 2017.
